

## **Doctor Francisco González-Llanos Fernández de Mesa**

**Chief of Service of the Neurosurgery Service of the “Hospital Virgen de la Salud”. Toledo. Spain.**

### **TRAINING**

- Bachelor’s degree in Medicine and Surgery at the universidad Autónoma de Madrid with Excellent Qualification in year 1994.
- M.I.R. in Neurosurgery, University Hospital La Paz (Madrid). May 1996-May 2001.
- Specialist in Neurosurgery in year 2001.
- Doctorate courses, University Autónoma of Madrid. Years 2000 - 2004.
- Investigative Sufficiency, "Anatomical and hemodynamic bases of the anterior communicating artery complex" at the Universidad Autónoma of Madrid. 2004.
- Grade of Doctor by the Universidad Autónoma of Madrid with Excellent Qualification Cum Laude in year 2015. Doctoral thesis "BY-PASS EXTRA-INTRACRANEAL IN THE TREATMENT OF COMPLEX ANEURISMS". Awarded with “Alberto Rábano” award.
- Rotation at the Barrow Neurological Institute (BNI). Phoenix. USA.

### **SPECIALTIES**

Cerebrovascular microsurgery, including low- and high-flow bypass for complex aneurysms and cerebral ischemia.

Surgical treatment of brain tumors of all locations with special emphasis in cerebello-pontine angle tumors (neurinomas, meningiomas, epidermoids, etc).

Spine surgery including disc herniations, spinal stenosis, tumors, vascular lesions, fractures and kyphoplasty.

### **RECOGNITIONS AND CERTIFICATIONS**

- Member of the Spanish Society of Neurosurgery (SENEC).
- Member of the National Research Group on Cerebrovascular Diseases of SENEC.
- Member and Vice President of the Dandy Neurosurgical Society, St. Louis, Missouri. USA.
- Member of the Congress of Neurological Surgeons (CNS).

### **TEACHING**

- Associate Professor European University of Madrid. Since 2015 - Present.
- Professor at Annual FEN Sapporo Live Microneurosurgery Course in Cerebrovascular and Skull Base Surgery. Teishinkai Hospital. Sapporo Japan. Since 2015 - Present.
- Professor in Annual Hands-on Course on Microanastomosis and EC-IC bypass Techniques. Saint. Louis University. Missouri.USA. Since 2011 - Present.

- Director and professor of Cerebral-Vascular Microsurgery and Extra-Intracranial By-pass. La Paz University Hospital. Madrid. Since 2006 - Present.
- Professor in the course "Cerebral Revascularization". Saint Louis University. Missouri.USA. Since 2006 - Present.
- Professor in Courses for Residents Students of SENEC. Skull Base hands-on course. Brain revascularization. From 2005 to present.

## **INVESTIGATION**

- Solé Llenas Award for the best neuroradiological research in 1999 for the essay entitled: "Non histological diagnosis of brain tumors by 1H NMR Spectroscopy and amino acid analysis".
- I National Prize for Research in Neurovascular Pathology, year 2001 for the essay: "Study of Anatomic and haemodynamic features of Anterior Comunicant Artery complex".
- VII J.M. Sánchez Pérez Award for the best work in the field of Neuroradiology 2002 for the essay entitled: "Extra-Intracranial By Pass for the treatment of giant brain aneurysms".
- Alberto Rábano Prize awarded by the Fundación Romanillos for the best Doctoral Thesis in Neurosciences presented in 2016 by the Doctoral Thesis entitled: "By Pass Extra-Intracranial in the treatment of Complex Brain Aneurysms".

## **OTHER MERITS**

- AUTHOR of multiple publications of the field of Neurosurgery (books, book chapters, publications in scientific journals).
- SPEAKER in more than 150 communications and conferences at national and international congresses and courses.
- ORGANIZER of more than 20 courses and national and international congresses.
